

Public Usage

Sahalie Ski Lodge is a **unique** and **affordable** retreat opportunity. The Lodge is available to groups on most weekends and weekdays during the late spring, summer and fall, and on winter days when it is not being used by club members.

Groups may contract with *Sahalie Ski Club* to have exclusive use of the entire 14,500 square foot facility at a reasonable cost.

Our rustic mountain lodge has three fireplaces, meeting and dining rooms, dormitory-style sleeping arrangements, a large commercial kitchen, showers and easy access to the skiing, hiking and biking facilities of the Snoqualmie Summit area. It has a low key, warm and inviting environment that encourages camaraderie.

Sahalie Lodge has successfully hosted corporate retreats, wedding receptions, family reunions, mountain biking excursions, holiday parties and youth functions. Only 55 minutes from downtown Seattle, the Lodge feels remote but is actually close to the freeway, stores and services. Experience a bit of history in the oldest continuously operated ski club lodge in the State of Washington.
